Buckskin Tan Decomposed Granite

Name: Buckskin Tan Decomposed Granite

Size: 3/8" Minus

Description: California Central Coast quarry product that ships bulk south to Santa Barbara and North through Paso Robles and into the Central Valley. Tan color shades the natural quartz sparkle when damp, otherwise this is a flat tan tone decomposed granite that is an excellent value for California Central Coast landscaping and residential construction. Makes for an excellent pathway, driveway and parking area and ground cover material in landscapes.
