Description: Black Wood Chip is Vision Recycling's 2"-3/8" Golden Blend wood chip in a black color. Use Black Wood Chip to add a solid and modern backdrop to landscapes. Use for pathways, sitting areas and landscapes. Black Wood Chip helps conserve water, prevent soil compaction and overheating, and suppresses weeds. The wood chips are generally between 2" and 3/8" in size with occasional pieces reaching 3".

Descripción: Black Wood Chip es la astilla de madera Golden Blend de 2 "-3/8" de Vision Recycling en color negro. Use astillas de madera negra para agregar un telón de fondo sólido y moderno a los paisajes. Úselo para caminos, áreas de descanso y paisajes. La astilla de madera negra ayuda a conservar el agua, Previene la compactación y el sobrecalentamiento del suelo, y suprime las malas hierbas. Las astillas de madera son generalmente entre 2" y 3/8" de tamaño con piezas ocasionales que alcanzan los 3".

Transportation: Large orders shipped in End-dump and Super 10 trucks. Smaller orders shipped on flatbeds
