

Product Description and Specification

Name:	Noiyo River Cobbles
Origin:	Central Valley quarry
Geology:	River Stone
Color:	Tones of beige, brown, grey and cream colors
Description:	This rock almost looks like small smooth dinosaur eggs. This rock makes a perfect dry or wet creek bed material. It is used extensively as a ground cover in residential and commercial landscaping. Very smooth and well rounded these pebbles and cobbles add flair to a yard, a plant bed or a water feature. Noiyo River Rock comes in a variety of colors and sizes that perfectly complement our gravel, rock, flagstone, ledgerstone and boulder selection as well as our other pavers and even mulches.

Descripción:	Esta roca se asemeja a pequeños huevos de dinosaurio lisos. Es un material perfecto para lechos de arroyos secos o húmedos. Se utiliza ampliamente como cobertura vegetal en paisajismo residencial y comercial. Muy lisas y redondeadas, estas piedras y adoquines añaden estilo a un jardín, un macizo de plantas o una fuente. La Roca de Río Noiyo viene en una variedad de colores y tamaños que complementan a la perfección nuestra selección de grava, roca, losa, piedra de cornisa y canto rodado, así como nuestros otros adoquines e incluso mantillos.
Pallet Baskets:	4" to 8", 8" to 12", 12" to 18" and 18" to 24"
